

Dear Clients

These are unprecedented times and something frankly we have not previously encountered. Our thoughts are with our clients their businesses and teams. Our Directors and team are committed to helping you through this uncertain period.

### **WBB Team**

WBB's plans are underway to maintain business continuity to the best of our ability while we work our way through the current pandemic alert level 3 and 4.

We will have our staff set up from home offices by Wednesday 25th March.

All of our DDI phone numbers will be operative and will be diverted to mobiles. Our main office line will be diverted to Jo who will put you in touch with the person you need.

As you will appreciate, our team will be operating from their homes and there will be challenges with this. We will however be doing our very best to support you.

### **Government Support**

We are expecting some further guidance from the Government/banks this week regarding yesterday's announcements. A good source of accurate Government information and support / suggestions for business is the below link.

[Covid-19 Information for Businesses](#)

If you do have an urgent enquiry, please call Lewis, Brett, Glen or Phil.

Look after your families.
